Buy with Confidence !

Made in the U.S.A.

All of our harnesses are hand assembled in the U.S.A.

Correct Color Wires

Our harnesses always match the original factory color codes and gauge sizes. We use U.S.A. made Cross Linked Polyethylene type GXL wire which is much more tolerant to heat than the original PVC type GPT wire that was used from the factory.

Dip Soldered (when applicable)

All terminals are dip soldered (when applicable) to limit resistance loss.

Correct Connectors & Terminals

With over 300,000 connectors and terminals in stock you can be sure the harness you receive will look identical to the original.

Correct Non-Adhesive & Cloth Tapes

All harnesses are wrapped with the correct non-adhesive or cloth woven tapes to assure a 100% factory appearance.

Technical Support

We don't expect our customers to be "wiring-wizards", you can call us direct with any technical questions you may have.

Custom Modifications

Custom modifications are available to allow you to convert from an external regulated alternator to an internal regulated alternator. This modification is available for most '63 and up GM cars and trucks. We can also convert many of our engine harnesses to work with H.E.I. distributors and electric chokes. Our modifications retain the factory appearance. Call our Customer Service Department for more details.

Reproduction Switches

We manufacture an extensive line of reproduction switches. These include Turn Signal, Backup Light, Neutral Safety, Wiper, Headlight Switches and others. As with all of our restoration products our switches will fit and function perfectly, just like the originals.

Guarantee & Warranty

We are so confident in the quality of all of our restoration products that we offer the following guarantee and warranty. If you are not 100% satisfied with the quality of any of our restoration products we will give you a full refund. Just return the unused item within 30 days of receipt for a full refund. We also offer a full 1 year replacement warranty on all of the products we sell (see our product warranty sheet for more info).

Method of Payment

We accept Visa, Master Card, American Express and Discover. If you prefer to pre-pay your order, we accept Money Orders, Cashiers Checks or Personal Checks. C.O.D. shipments are also available.

LIGHTING KITS

1 WIRE IGNITION

HARNESSTAPE

"M&H Harnesses are perfect reproductions created with correct color wires from Original GM wiring schematics".

Rolls of Wire

25 Foot rolls of wire offered in all of the popular gauge sizes and colors (including hard-to-find stripes)

XLPE Type GXL Wire

Meets SAE Spec J-1128

125° Celsius Heat Rating

We now offer 25 foot rolls of USA Made XLPE Type GXL (cross-linked polyethylene insulated) automotive grade primary wire in all of the popular gauge sizes and colors (**including hard-to-find stripes**). This is the exact same wire we use in all of our harnesses, and the same grade of wire you would find in cars and trucks being manufactured today. OEM's now use this wire due to it's high heat rating of 125° Celsius. Harnesses manufactured in the '60's and '70's utilized PVC Type wire that only had a heat rating of 80° Celsius; thus the reason most original harnesses tend to melt and become brittle with age. We use XLPE Type GXL wire to avoid these types of problems. This is the best automotive grade wire money can buy.

Simply browse the next few pages to see our extensive list of color and gauge combinations. Keep in mind the price listed is for a 25 foot roll and please order by part number when ordering.

Special pricing is available on 1,000 feet of any one wire gauge and color, please call for a price quote.
